

Appl. No. 10/710,763  
Amdt. dated December 09, 2005  
Reply to Office action of October 14, 2005

### REMARKS/ARGUMENTS

#### Examiner's Comments:

Claims 1-12 are objected to because of the following informalities:

5      Claim 1, line 2, "the slew rate" should be changed to ~~—slew rate—~~ to avoid lacks antecedent basis.

Claim 1, line 16, "the voltage end" should be changed to ~~—the voltage source—~~ to avoid lacks clear antecedent basis because it is recited earlier in the claim as "a voltage source" (see line 13 of claim 1).

Claims 2-12 are objected to because they include the informalities of claim 1.

10      Claim 11, line 2, "1 comprising" is suggested to be changed to ~~—1, said method comprising—~~ for clarity.

Claim 12, line 1, "Step(a) and (b)" should be changed to ~~—steps (a) and (b)—~~.

Claim 12, line 2, it is suggested to change "executed" to ~~—performed—~~.

15      Claims 1-12 would be allowable if amended to overcome the informalities set forth above.

#### Applicant's Response:

20      The Applicant acknowledges and appreciates the allowance of claims 1-12 if amended appropriately. Therefore, claims 1, 11, and 12 have been slightly amended as the Examiner suggests to overcome the claim objections. No new material has been introduced.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.
